HOW WE EARN YOUR TRUST

LOVE COMES FIRST
Our team rescues, provides shelter, rehabilitates and rehomes dogs all year round.

THRIFTINESS
By keeping our costs down, we ensure your gift makes the biggest, most beneficial waves possible for dogs, and any other animal that is brought to us in critical need.

TARGETING ROOT CAUSES
ROLDA provides long term, permanent, sustainable solutions to the massive problem of abandoned, abused and stray animals of Romania. Going after only the stray overpopulation problem is just temporarily treating the symptoms of a far bigger problem. Going after the root causes, the community perceptions of how and why these abuse and abandonment problems have come about, will provide permanent solutions.

TRANSPARENCY
Financial and annual reports are readily available to you, or anyone who wishes to know how ROLDA operates. If you want to know where your money is going, and the great good you are doing, simply ask. We are 100% transparent, and we encourage our volunteers and donors to become actively involved in ROLDA rescue work.

YOUR DONATION MULTIPLIES
Your gift + marketing + grants + donated goods + matching gifts. This means an even bigger and better impact for every donation. A one time gift or a legacy donation, will be maximized for the benefit of homeless and abused animals.

Indirect Costs 4%
Direct Costs 96%
15,000 Animals Saved

Romania
2.5 million strays, the country with the worst stray problem in Europe
Located in south east Romania, ROLDA serves one of the poorest regions of our country. Our sanctuaries are a real home for hundreds of animals, especially dogs. The only home they have ever known. And it never would have been possible without you.

www.rolda.org
rolda@rolda.org

1 & 2 — Large Sanctuary - capacity 700 dogs - located in Galati (south east Romania)
3 & 4 — Disaster Aid - Hundreds of families, their houses, pets and farm animals affected by the floods
5 — Social Campaigns: help the poor community’s pets with medical care, spay/neuter, microchip identification and registration in National Registry to limit the abandon or the unwanted puppies being born to suffer.

PawzUp Project covers an area of 4.5 hectares of land (ROLDA’s property), located outside the city of Galati.

Imagine an area of 27,158 km² (half the size of Switzerland). This huge area totally lacks an active veterinary clinic combined with a modern Adoption Center from where local community can safely adopt, without being worried about the risk of infection or diseases.

Together, we can make a dream come true for thousands of animals in need, for thousands of people who love their pets, but don’t have the logistics or the financial possibilities to care for them responsibly and efficiently.

PawzUp Services:
For dogs: catch, shelter, rehabilitate, medical care, rehome and services for senior dogs
For cats: shelter, medical care, rehome and services for senior cats
For donkeys and horses: medical care, shelter and services for senior working animals
For senior people: animal therapy
For the local community: tours, education, seminars about animal health and adoptions
For young visitors: education

Help Us Make Another Dream come True!
